

OLSDS Update (On-Lot Sewage Disposal System)

The Township On-Lot Sewage Disposal System maintenance program was established by Ordinance in 2013. All septic systems in Londonderry Township are required to be pumped and inspected every four years. Only those pumper/haulers which are certified and registered with the Township may perform pumping and inspection.

As part of the Township's 2025 Fee Schedule, OLSDS pumping and reporting fee is \$25.00 when done in the cycle year for the district in which your property is located. Out of cycle pumping reports will be accepted at a fee of \$75.00. Please consult the table of districts and pumping cycles and contact the Township with any questions.
