Mr. Foreman stated that right now we are at the mercy of the Judge in the case and there is not must else that we as the Township can do but wait.

Mr. Harden also asked about the clean up of the Swatara Creek bridges, who is doing it and how it is coming along. Supervisor LeHew answered this question by stating it was the state doing the job and they are proceeding with this project.

**Shirley Shaul** – resident across street from Crestview mobile home park, she is disgusted with what is going on in the park. She gets her water supplied by Crestview Village and she brought a sample of it with Her to let everyone see how undrinkable it really is. She has to buy bottled water and does not drink her own water. Ms. Shaul also presented the Board a petition to work with the Middletown police to patrol Crestview Village area. The petition had 57 signatures on it, they were all residents of the park.

**Chairman Kopp** – asked Mr. Letavic to give an update on what is going on from our point of view. Mr. Letavic stated that he and Mr. Foreman are working with many agencies, State Police, DEA, and other Agencies to help protect the residents and clean up this park. Chairman Kopp stated that a lot of activity is going on at night and not while the State Police are doing their rounds. We are very aware of this situation and we are trying to do our best to get help out there. Ms. Shaul stated that she was going to keep coming to these meetings until something is done about all these things. Why can we not work with the Middletown Police department and have them patrol Crestview after dark? Supervisor Doherty asked if we could direct the manager to contact the Middletown and Derry Township Police department to see what we can do to help with this situation. There was some discussion about that topic and Mr. Letavic stated that He would be more than happy to make those contacts and find out what the Township might be able to do with regards to other police departments. He also stated he would have an update for the next Board meeting, Ms. Shaul stated she would be here for that meeting. Supervisor Doherty asked Mr. Foreman if we could not report the water issue to DEP and have them follow up on that issue. Mr. Foreman stated that yes he will make that call tomorrow morning. Chairman Kopp told Ms. Shaul to make sure to report all code infractions to Mr. Foreman and he will get out and look at each and everyone.

**Scott Trowbridge** - Crestview Village resident, stated that his home is in disarray and he complains to the park manager and nothing is ever done. He also stated that Earl DeFrane, the park manager, does not know what he is doing and he will come at all hours of the night to fix things, is there anything that the Township can do? Chairman Kopp stated again that we are aware of the conditions out there and we are working extremely hard on getting them fixed. We are doing this both from the Code Violation side and the legal side as well. Supervisor Doherty stated if there are code violations within the dwelling can we do anything about that. Chairman Kopp stated that Mr. Foreman can not go into the home. Mr. Foreman stated that he has never gone inside for violations, only outside violations. Chairman Kopp stated that whatever the Ordinance allows us to do we are going to do. If there are things that the residents are seeing the office here at the Township is open daily Monday – Friday 8:30am – 5:00pm, and you can come in and file a complaint and it will be checked out. Mr. Trowbridge stated that Mr. Nolt was approached by someone to purchase the park from him, is there anything the Board or the Township can do to force him to sell. Mr. Letavic answered with a resounding NO, we can not force anyone to sell their private property if they do not want to.

**Jared Johns** – Brought pictures of under the trailers and from around the park to show just how bad things are. He stated people are afraid of being kicked out or “punished” for talking to anyone about the conditions in some of the trailers. He also stated that he is in court right now with the park manager and he is being threatened because he is speaking up. Chairman Kopp asked Mr. Foreman if there is anything that we can do about these threats, Mr. Foreman stated nothing he can do, that would be a legal matter. Supervisor LeHew stated that we as a Board have heard the citizens of this Mobile Home Park and I feel that we as the Board need to do everything we can to remedy this situation as best we can. Mr. Letavic stated again he would continue to direct Mr. Foreman to keep looking at the violations, working with the State Police, DEA, and other agencies, and also get in touch with Middletown and Derry Township police departments and see what we might be able to do there.
